

Contract Crew Evaluation Report
PLEASE COMPLETE AND FORWARD TO THE FIRE CENTRE

FIRE NO. N10313
INCIDENT COMMANDER Andre Chalabi

CONTRACTOR BUSINESS NAME Columbia Extreme
CREW NAME Extreme 1 & 2 (10 pack)
DATES: FROM July 26/08
DATES: TO July 29/08

DEPARTMENT/EQUIPMENT

Was arrival time of the crew after request reasonable? YES NO
Was there a delay from the time the crew arrived at the staging area to the time the crew got on the fire? YES NO
WHY? Needed to be briefed by I.C prior to working. IC delayed so he could guide medic crew into the fire.
Was there adequate contract equipment resources available (i.e. handtools, P.S., Handtank pumps, radios) upon arrival of the crew?
YES NO
Was Forest Service equipment returned satisfactorily? YES NO

SAFETY

Was a crew manifest available? YES NO
Did the contractor have expected safety supplies, equipment and attendants? YES NO
Proper clothing and personal safety gear? YES NO
Was the falling of snags safe, effective and adequate? YES NO N/A
Comments on power saw operation or snag falling N/A
What was the crew's attitude/practices toward safety? Applied safety concerns mentioned during the briefing
Were there any incidents or areas of concern to note? None

PERFORMANCE AND PRODUCTION

What was the majority of the crew's activity?
Suppression Patrol MOP-UP Other
Were progress plan and crew objectives set each day? YES NO
If so, did the crew meet this objective consistently? To your satisfaction? YES NO
Was this crew sufficiently fit and trained to perform the tasks asked of them? YES NO
Were handguards complete, thoroughly brushed out, dug to mineral soil and of adequate width? YES NO N/A
Was the falling of timber limited to those trees which directly impacted the fire control operation? YES NO N/A
Did you feel the crew productivity was adequate? YES NO
Do you have any comments with individual or crew performance?
Good energy and work ethic! Crew adapted well to specific mop-up technique required on this fire.

ORGANIZATION

All fire control actions are initiated based on a predetermined logical fire control plan. Was this evident? Was it communicated? YES NO
COMMENT: Crew was able to follow specific instructions
Did the Crew Leader provide you with a daily update and time slip? YES NO
Did the contractor give adequate updates or notes on significant events? (i.e. immediate report on potential fire escape, fire report information, etc.)
YES NO
Did the contractor request an inspection after the area(s) had been suitably mopped-up, cold-trailed, hot-spots extinguished and no smoke visible?
YES NO
COMMENT: Good thorough job

SUMMARY

What was the overall performance of the crew? (1 = low to 10 = high) 9
SUMMARY COMMENTS Good energy and work ethic. Leader has good fire suppression knowledge and kept the crew well motivated. Very professional attitude.
